Telephone 01531 670460

From the M5:

Take Junction 8 off the M5 onto the M50, leave the M50 at Junction 2 and take the A417 towards Ledbury. At the first roundabout you come to follow the signs for the A438 towards Hereford. Our premises are approximately 4 miles outside Ledbury on the Hereford road (A438).

Approximately 3 miles outside Ledbury you will come to a cross-roads with traffic lights, on your left you will see a black and white public house called 'The Trumpet'. Proceed straight-over these cross-roads for approximately one mile until an old metal windmill on the left hand side of the road becomes visible. The metal wind pump is located within an apple orchard; where the orchard ends there is a track lined with poplars, this track leads to Helyx's premises. Follow this track to the end to find us.

From Hereford:

Leave Hereford using the A438 Hereford to Ledbury road. After about 7 miles you will pass through a small village called Tarrington. A mile past Tarrington you will see a garage on your right selling vans (Commercial Van Sales) approximately 300 metres past the garage turn right up the first lane you come to, follow this track to the end to find us.
